## SUZOHAPP to exhibit at Expojoc in Valencia

SUZOHAPP extends a warm invitation to visit their stand C22 (Hall 8) at the upcoming Expojoc that will take place between the 13<sup>th</sup> and 14<sup>th</sup> of June in Valencia, Spain. Visitors will have the opportunity to meet the Spanish team and get the latest information on SUZOHAPP's extensive range of solutions and components.

SUZOHAPP is a global provider of high quality products for banknote handling and, at Expojoc, visitors will learn more about the features and benefits of these solutions. The Bill-to-Bill 300 banknote recycler is extremely popular in Spain, given its ability to recycle up to 300 notes in three different denominations.

SUZOHAPP also has a strong reputation for coin handling expertise, thanks to the Comestero coin validators (RM5 HD) and the coin pay-out devices (Evolution, Cube and Flow hoppers). Furthermore, SUZOHAPP is the expert for coin recycling with the ICS (Intelligent Coin System), a revolutionary new coin handling device that counts coins and separates them into eight separate tubes for coin return. The SUZOHAPP offering also includes technologically advanced products, such as the SCAN COIN banknote and coin counters / sorters, the CashComplete™ cash management solutions and the Comestero changers.

Finally, SUZOHAPP is well known as the master distributor for leading component manufacturers, as well as ELO touchscreens and TransAct printers.

“The Expojoc is a perfect networking event for us. We are pleased to support local exhibitions and show our dedication to the Spanish gaming market,” explained Sergio Pérez, Sales Representative for SUZOHAPP Spain. “SUZOHAPP is the one-stop shop for both operators and manufacturers – we can meet all their needs. Come visit us and discover how our solutions can support and improve your business,” concluded Juan Gomez, Managing Director of SUZOHAPP in Spain.
