SUZOHAPP at forefront of innovation at the Macau Gaming Show

SUZOHAPP will be exhibiting at the upcoming Macau Gaming Show (MGS) that will take place between the 14th and 16th of November. Macau is the largest gaming and entertainment market in the world and the MGS is the voice of this important market. The SUZOHAPP team is looking forward to welcoming visitors at Booth #A029 and showcasing a selection of its vast product range.

The MGS will be an excellent opportunity for SUZOHAPP to proudly introduce its latest innovation - the 27" Pedestal Kiosk. A brand new upright kiosk with a slim, contemporary design, 27" touchscreen display and optional customization for a printed wrap to showcase company and loyalty reward themes.

Other advanced solutions on exhibit include the 27" Dual Sided LCD Display with LED and the Display Pro. With its stylish design, the Dual Sided LCD Display is perfect for table games applications and other casino uses and is a great way to share content, catching customers coming and going. The Display Pro digital sign, featuring a 42" FHD commercial rated screen which is ideal for visual campaigns, can replace untidy posters and older backlit sign boxes.

In the SUZOHAPP booth, great focus will be placed on the PKT Button Panel. The PKT is the leading-edge technology in tactile controls. Through a patented technology, SUZOHAPP enables its clients to bring dynamic content via a highly configurable user interface. Game designers are no longer limited by the user interface and end users now receive eye-popping content through a tactile button, creating a more rewarding and comforting experience.

Cash management equipment is a prominent offering in the SUZOHAPP portfolio and, at MGS, SUZOHAPP's strong reputation for cash handling expertise will be evident. Visitors will have the opportunity to see a variety of SCAN COIN desk top solutions, including the SC-8220 and SC-8100 note counters, and the SC-313 coin sorter.

The SUZOHAPP team looks forward to a very busy MGS. "This is a must-attend event for all gaming professionals," commented Geoff McDowell, SUZOHAPP APA Managing Director. "We have a comprehensive product portfolio from spare parts to complete cash management solutions to meet the expectations of both manufacturers and operators. Stop by our Booth #A029 and join our experts to learn more about our latest innovations!"

About SUZOHAPP

SUZOHAPP is a technology company providing software and hardware for cash handling automation and self-service solutions to more than 25,000 customers throughout the world.
