## SUZOHAPP Bill-to-Bill™300XE successfully tested by Bank of England

The Bank of England (BoE) regularly tests automatic banknote handling machines to ensure that they only accept genuine banknotes and reject counterfeits. Furthermore, the BoE publishes the list of machines that have passed the test in order to help manufacturers choose the banknote handling equipment most suitable to their needs.

SUZOHAPP ensures excellent banknote acceptance and counterfeit rejection. This top level of security was recently recognized for the Bill-to-Bill™300XE banknote recycler which successfully passed the latest BoE testing process in June 2018.

"We are proud to have comfortably passed the Recognition Test with 100% of genuine GBP banknotes correctly accepted," stated Wilbert Bieleman, President & Managing Director EMEA.

"Our Bill-to-Bill™300XE has also successfully passed the detection test of counterfeit notes," commented Steve Fitton, Sales Director for UK Solutions. "This result proves the high level of accuracy of our validation technology."

## About SUZOHAPP

SUZOHAPP is a technology company providing software and hardware for cash handling automation and self-service solutions to more than 25,000 customers throughout the world. SUZOHAPP's technology enables automation for customers operating in a variety of end markets, including retail, transportation, gaming, banking, vending and amusement.
