## SUZOHAPP to present latest cash handling innovations at AVA Vending Expo

SUZOHAPP will be exhibiting at the AVA Vending Expo, the tradeshow organized by the Australian Vending Association, which will take place in Melbourne on July 26th & 27th.

In the SUZOHAPP booth, great focus will be placed on presenting the new Vantage Connect coin recycler and Vantage bill validator, the perfect Payment Duo for all vending machines. These advanced solutions take cash management to the next level by maximizing operators' profits and reducing machine downtime.

**Vantage Connect** is a new IoT-ready device which represents the latest innovation in coin acceptance and recycling technology. Thanks to the PRP (Payout Redundancy Protection) system, six tubes and three independent motors, it delivers superior results to vending operators in terms of high coin capacity, excellent payout reliability and maximum configuration flexibility. Vantage Connect is equipped with Wi-Fi capability which allows operators to modify all parameters, update firmware and optimize maintenance with a common smartphone or tablet, eliminating the need for proprietary handheld devices.

With its recent acquisition of Coinco product lines, SUZOHAPP extended its Vending portfolio with a range of innovative payment solutions that includes the **Vantage** banknote validator. This is an industry-leading solution with a host of advanced features for highest in-service time. Extremely robust and flexible, Vantage is designed to enhance operator business by maximizing profitability.

The new CashComplete™ SDS-35 will also be presented at the SUZOHAPP booth. This is a compact Smart Deposit System which improves accuracy, cash visibility and shrinkage protection. Other highlights will be the RM5 coin validators, the WorldKey cashless system, and SCAN COIN desktop solutions, such as the DTC-2 coin sorter and the SC-8220 note counter.

Ramsey Hamadin, Retail Sales Manager at SUZOHAPP Australia, stated, "We are excited to be presenting our latest innovations at the show. We invite all attendees to join us at our booth and meet with our experts to discover all the advantages of Vantage and Vantage Connect!"

## About SUZOHAPP

SUZOHAPP is a technology company providing software and hardware for cash handling automation and self-service solutions to more than 25,000 customers throughout the world. SUZOHAPP's technology enables automation for customers operating in a variety of end markets, including retail, transportation, gaming, banking, vending and amusement. SUZOHAPP's solutions include cash deposit, recycling, processing and payment systems as well as a broad range of self-service component technologies.
