Date: November 12, 2018

SUZOHAPP is Proud Sponsor of EVEX

The EVEX – The European Vending Experience – will open its doors on the 15th and 16th of November in Sevilla, Spain and will be organized by the European Vending Association (EVA) in collaboration with the Spanish Vending Association (ANEDA).

The event aims to once again bring together all sectors of the vending and Office Coffee Service (OCS) industry, offering participants a range of unique networking opportunities, a commercial exhibition and an attractive setting.

SUZOHAPP will be a Bronze Sponsor at EVEX 2018. “We continue to support the EVEX year after year as it is a must-attend event for the European Vending industry and a great occasion to meet and exchange ideas and experiences with key players within it,” says François Profit, Executive Vice President of Automated Services for SUZOHAPP. “Also, it gives us the opportunity to build and strengthen relationships with new and existing customers.”

At this year’s EVEX, SUZOHAPP will exhibit at stand 37 and will feature its wide range of component offerings for vending machines, from the Currenza C² coin recycler to the WorldKey and P6 cashless ranges. These advanced solutions take payment processes to the next level by maximizing operators’ profits and reducing machine downtime.

All attendees will also get a chance to learn more about SUZOHAPP’s latest innovations:

- **WorldKey Loyalty** – an on-line solution that allows operators to communicate directly with end users and develop loyalty programs
- **E-PRL** – a patented high-tech locking system that offers more than 10 billion possible combinations. The new Bluetooth model enables operators to have online control of all their locks from a remote location, even from a smartphone or a tablet
- **Vantage** – an industry-leading bill validator with a host of advanced features for highest in-service time

“We look forward to welcoming you at EVEX and show you how we can simplify your sourcing with a broad product range, local resources, and global capability,” concludes Profit.

About SUZOHAPP

SUZOHAPP is a technology company providing software and hardware for cash handling automation and self-service solutions to more than 25,000 customers throughout the world. SUZOHAPP's technology enables automation for customers operating in a variety of end markets, including retail, transportation, gaming, banking, vending and amusement.
