SUZOHAPP to participate at InterFun Expo

CHESSINGTON, UNITED KINGDOM, April 24, 2019 – SUZOHAPP – a leading technology company with over 50,000 gaming, amusement, sports betting, lottery and bingo products for casino operators and gaming OEMs – will be exhibiting at the brand new InterFun Expo. Taking place in Leeds, UK from April 30 to May 1, InterFun Expo offers an outstanding opportunity to network with amusement and leisure professionals – operators of FECs, play centres, arcades, amusement parks and visitor attractions.

SUZOHAPP will be exhibiting at booth #42 and will be displaying the highlights from its portfolio of world-class products, including individual components as well as complete solutions. A wide range of components for amusement machines will be presented, such as coin and bill validators, hoppers, locks, pushbuttons, joysticks, speakers, monitors, plus a rich array of solutions from the BilliardPRO and CompetitionPRO product lines.

“The main benefit we offer our customers is that we can simplify their sourcing by providing literally thousands of products and spares, along with the know-how and experience to advise them and ensure that our solutions match their expectations and aspirations,” says Matt Luckhurst, Sales Director UK & Ireland. “With short lead times and competitive pricing as well, our customers save valuable time and money.”

SUZOHAPP is also a leading software and hardware supplier of complete cash management solutions. At InterFun Expo, SUZOHAPP will showcase the SC-8220 note counter and the new ICX Active-9 coin sorter. Additionally, the advanced CashComplete™ Connect monitoring software will be presented.

“SUZOHAPP is at the forefront of the cash management industry due to our continuous investment in R&D and innovation,” comments Mr. Luckhurst. “We are also leading the way in back-office cash handling, automation and recycling technologies. Visit us to see a demo and discover how to improve cash management at all levels, thus reducing handling costs, increasing speed and accuracy and delivering a rapid and significant return on investment.”
