

Comestero range celebrates 20 years

THIS year marks the 20th anniversary of the Comestero change machine brand, which was acquired by cash handling expert SuzoHapp in 2014.

Originally launched in Italy, the first models in 1997 were the SimplyCoin and the MultiCoin, the forerunners of the company's modern change machines, with Easy Change following a year later.

"The Comestero brand equals change machines and these machines play a key role in our portfolio at SuzoHapp," said Wilbert Bieleman, president and managing director of SuzoHapp's EMA components division.

"This brand represents our top-of-the-range offering."

The image is a promotional collage for Comestero change machines. At the top, the SuzoHapp logo is displayed in white on a blue background. Below this, a grid of images shows various models of change machines, including the 'EASY PRO CHANGE' and 'AutoCoin' series. The central focus is the large white text '20 YEARS OF CHANGE MACHINES' overlaid on the collage. The bottom right corner features the Comestero logo, which consists of a stylized blue and white circular arrow.
