

Two new members of staff for Suzohapp

Suzohapp has appointed Allen Ko as vice president OEM - cash handling for the Asia Pacific region and Evrim Özsoy as vice president of retail sales for its EMA Components Division.

Mr Ko comes to this new position after many years of experience in the cash processing market. Before joining Suzohapp he worked at high profile companies like De La Rue, Talaris and Glory, covering relevant positions for technical, pre- and after-sales support, channel development and product marketing. Mr Ko then moved to a direct sales role which he fulfilled for 13 years.

Ms Özsoy brings with her a 13-year track record of success in leadership and sales. Before joining Suzohapp, she led teams and delivered outstanding results as country sales manager at Diebold and as account manager at NCR. Her extensive experience, coupled with her degree in electronic engineering, gives her a significant amount of in-depth knowledge of the industry.

Her primary role will be to grow the retail business for the EMA Components Division by defining strategy and leading the sales team to achieve its goals.
